

**ESTABLISHMENT OF AN HOSPITAL AT KINGSTON.**  
—We are happy to perceive that an Hospital for the reception of Medical and Surgical cases has been within the last month opened in Kingston. The position of that city at the termination of the upper lakes, and the commencement of the St. Lawrence river, should present numerous advantages in respect to the number and variety of the cases presenting themselves for admission; and if supported in a proper spirit by the community, would prove of infinite value to the city itself, as well as the adjacent country, where such an institution is much needed. There is no institution of the kind between Toronto and this city, a distance of about 389 miles. This fact strongly speaks for the necessity of one at Kingston, which is nearly intermediate. The Hospital opens under the immediate professional charge of Dr. Hallowell and Dr. Sampson, the latter being the consulting Physician. It has our best wishes for perfect success.
